Funeral Expense Worksheet

With the cost of a funeral averaging over \$7,800¹, and Social Security providing a one-time death payment of only \$255² (if you qualify), your family could be faced with a large funeral bill and other final expenses that may be difficult for them to pay.

This worksheet will help you review the scope and potential cost of a funeral. As you add up the cost, think about who would be responsible for this cost and how would they pay for these expenses. Keep in mind that Gerber Life has an array of whole life insurance products designed to provide lifelong protection, as long as premiums are paid, and to help cover the cost of funeral and final expenses and more.
